**NB :**

**TO BETTER APPRECIATE THE POTENTIAL DIRECT TRANSPORTATION TIME REQUESTED TO REACH YANGPU, LFS DID A DAILY SURVEY ON BAIDU APP AND TRANSUN SOFTWARE.**

Datas do not commit LFS to respect/realize the transportation time. These datas were collected through *Transun* current LFS transportation software for current pick-up/drop-off points and through Baidu App application for Yangpu routes. They are based on direct routes, with no stops. These datas were collected on regular daily traffic conditions.
